- Introduction
- Bible Verses
 - Genesis 18:14 – Is anything too hard for the Lord?
 - Psalms 18:16 – He sent from above, He took me; He drew me out of many waters.
- Old Age

Seniors over 100 years are the single fastest growing demographic group in the U.S.A. Factors that may have helped them get to 100 include:

 - coping well with stress
 - being thin
 - not drinking
 - not smoking
 - having confidence
 - being independent
 - having increased life satisfaction

Old age is a relative concept. Years lived is not always the best measure. I believe improved medications are also factors in longevity.
